### Policy on forming 2023 Classes

As part of planning for 2023, the school has begun sorting students into classes for next year. Classes are formed by placing students into heterogeneous classes, made up of children with a range of different abilities and social skills.

Our ultimate goal is to form classes that allow every child to achieve success in the best possible learning environment, taking into account a variety of factors. The process is complex with many "moving parts". We make ongoing adjustments for school enrolment numbers, funding from the Department of Education and physical resources. Forming balanced classes in 2023 starts with this year's teachers evaluating current students with the following criteria:

- Gender
- Behaviour
- Academic Level
- Special Needs
- Social Relationships
- Developmental and Learning Styles

So classes are as balanced as possible, this year the school is using specialised computer software to distribute students evenly using the above criteria. Our current class teachers are in the best position to make the appropriate professional judgments relating to their students, however, parents can provide the school with any additional information they believe should be taken into consideration when deciding on their child's class placement for 2023.

Please email considerations to [Amy.Sefton@education.wa.edu.au](mailto:Amy.Sefton@education.wa.edu.au) by **Monday 21 NOVEMBER 2022**. Late applications will not be accepted. Parent input into the decisions is welcome and will be considered. However, we **cannot guarantee** the school will be able to accommodate parent requests regarding class placements. *Please Note: Requests for a specific teacher will not be considered.*

### Aloha to Hawaiian Disco

The Year 3 and 5 disco was a blast! Kids danced up a storm and had a wonderful time. Creating memories at school is an important part of a positive school experience and we have our P&C to thank for that. A big shout out to Sharon Cowley who gave up much of her time to organise the disco despite her own children not being in those year levels! Thank you to all those who volunteered on the night and did the set up too.

### Drop off and Pick up of students

We have a few parents who stop and get out to drop their children off in the car park on Heritage Drive. This can be dangerous as there are cars reversing and it is also annoying for others who are trying to find a park. If you are dropping kids off please use the Kiss and Drop on Kaloopup road.

We also have a number of students waiting on the far side of the oval after school to be collected for extended amounts of time. If you are running late please direct your children to the Kiss and Drop where they can be supervised.

Please also remind your children that the crossing on Northerly Street is not a Zebra crossing. Cars should not be stopping to allow students to cross at this stage. It is causing some close calls.

Kind regards, Amy Sefton - Principal

## Win-Win The School Board Community Survey

Take approximately 10mins to complete our anonymous Parent survey for a chance to win some great prizes such as canteen vouchers, a Family Jetty Train Pass (\$51 value) and a Clairault Streicker Restaurant voucher (\$200 value).

This survey will assist us in determining the best way to communicate with parents; find out your thoughts on how we managed our response to COVID-19 and is a great opportunity to provide feedback on what you love about our school and suggestions for improvement.

Your feedback will help us make continuous improvements to our school, with students' best interests in mind, now and for the future.

## Our Indonesian Sister School visitors

We've had an amazing week with our visiting teachers **Ibu Winna** and **Ibu Lisa** who have travelled all the way from our sister school in **Samarinda, Kalimantan** to visit us.

They have loved sharing their culture and language with our students who have participated in activities such as cooking **Bakwan** (fritters), learning about batik material, playing Indonesian traditional games, fitness activities and singing songs ...all in Indonesian.

We loved the videos they shared of the students at their school and were surprised to find out the students wear a different uniform every day. We look forward to continuing our relationship with them. It has really given the students at Vasse Primary School purpose and motivation to learn Indonesian.

*Terima kasih! Bu Tucker*
