

Memo from Mr. Mansfield.

Welcome back to a new school year, and a special welcome to our new families. We have enrolled over 30 new students this year and I imagine we can expect more as Vasse continues to grow. We also welcome our new staff members. Meet them by scanning the QR.

Welcome
New Staff

COVID-19

The start of school this year has been filled with uncertainty; the impact of COVID is continually being felt in all walks of life. Over the school holidays I, along with my staff, have endeavoured to keep updated with latest advice from the Department of Health and the Department of Education. We have worked to ensure the best start of the school year in what are complex times. Walking around the school, it is a joy to see so many students smiling and excited about the year ahead. Our goal, despite what the world throws at us, is to create a safe and caring environment for all of our students.

We will continue to keep parents informed of any Department COVID updates that affect our whole school community via the website and Class DOJO. I understand some parents experienced difficulty in activating your DOJO accounts this year. I believe the issue has now been resolved but if you have not yet managed to join please let the classroom teacher know.

I would also like to thank you all for wearing face masks indoors and outside where social distancing is not possible, and sanitizing when necessary. It's these little things that help us maintain a safe environment.

Due to recent Covid Restrictions we are limited in the ways Parent & Teachers can interact. Vasse Prides itself on its connection to the community and we are working towards solutions that will enable you to continue connecting with your child's teacher/class and school. Our existing technology (Class Dojo / Website/ Microsoft Teams) will play a large part in this connectivity. Please be patient as we evolve through this latest development.

Thank you
for wearing your
face mask inside

Check your local state or territory advice about
face mask requirements and regulations.

Virtual Assembly on Monday

Following on from the latest Covid Update on gatherings at School (See QR) This Monday we will be trialling a Whole School Assembly online live using Microsoft Teams. Classes will view the assembly on their smart boards in their rooms.

Parents of merit certificate recipients are invited to attend assembly, social distancing (no seating available) in the Hive or virtually online through Microsoft Teams. All student merit certificate recipients will come to The Hive to receive their certificate. We will also announce our 2022 Student Councillors, voted in by the Year 4 - 6 cohort after some inspirational speeches today.

Latest Covid
Update

NO NUTS

Due to severe food allergies, this is a
Nut Free Zone. Do not bring any products
containing nuts into this area.
Thank you!

Nut FREE Zone

We have a number of students who have life threatening allergies to nuts and we ask that students do not bring products containing nuts to school.

No Dogs

Please can I remind you that dogs are not allowed on or around the school grounds unless they are present for a specific educational purpose. This includes pet dogs tied up at the school gate. For students who are fearful of dogs, it is difficult for them to enter/exit the school where dogs are present.

News online

We are aware that many parents/carers view the newsletter on their mobile phones. We are trialling a new layout to refine the content for easier viewing with quick links/QR codes to the school website. The positive aspect of this move is that school stories will be posted more regularly.

We look forward to observing the achievements of all our students over the next year.

Kind regards,

Simon Mansfield
